Re: Inclusion of proposal 20170 in the Business Plan 2020

Dear Members of the consortium,

Following the inclusion of the abovementioned proposal in the draft Business Plan 2020 and the ensuing iterations with the EIT, we understand there are no further comments pending from EIT's side at this stage. Your KAVA will thus be included in the final Business Plan in its current Plaza version and submitted to the EIT at the end of this week.

Please note that details on the partners involved in this KAVA, their respective budgets and allocated tasks are available on Plaza.

While the EIT is not able to officially approve the definite version of the Business Plan 2020 until all open issues are resolved, we are not aware of any reason as to why this activity and associated budget would not be approved.

Please don't hesitate to contact us in case you have further questions.

Kind regards,

A handwritten signature in black ink that reads "C. Knowles".

Charlotte Knowles
COO of EIT Food
